what is the price of tiago icng?

Answer:

The price of the Tata Tiago iCNG ranges approximately from ₹6.55 lakh for the base XE variant to ₹8.09 lakh for the top XZ Plus variant (ex-showroom) according to one source[2]. Another source lists variants with prices such as ₹7.35 lakh for Tiago XT CNG manual and up to ₹8.55 lakh for the top variant Tiago XZA AMT CNG[1][4]. The on-road price for the Tiago XE CNG variant is around ₹6 lakh in New Delhi[6].

To summarize:

Variant	Price Range (₹ lakh, ex-showroom approx.)
XE (base)	6.55
XM (mid)	6.89
XT (upper mid)	7.34 - 7.35
XZ Plus (top)	8.09 - 8.55

These variations reflect different trims and transmission options (manual/automatic). The iCNG variants cost roughly ₹90,000 more than the petrol versions but offer lower running costs[2].

Thus, the Tiago iCNG price generally starts from about ₹6.55 lakh and goes up to around ₹8.55 lakh depending on the variant and features.
